

WALK CHICAGO TOURS

A STORY ON EVERY CORNER...

The mission of every Walk Chicago Tour is linked to the commitment of our owner, **Terry Sullivan**, a born and bred Chicagoan who wants every visitor to love Chicago as much as he does.

The intention of every walk is to enable visitors to not only see Chicago in all its grandness but to feel its energy and to know its heart. This is the sincerity of effort that separates us from the others.

Every tour is led by a knowledgeable and experienced guide who is skilled at unraveling the many layers of Chicago's culture and history. Guides are chosen for their engaging styles and their ability to share their passion for Chicago.

And, no visitor to Chicago should be excluded. We openly solicit the disabled and physically impaired and work to meet their individual needs.

Let Walk Chicago Tours wrap America's most American city into a story package for you to take home. Come walk with us and leave our home convinced that you have come to know the real Chicago.

- All tours are completely private. We do not combine groups nor add individuals to reserved tour times. Your guide, Your group Only!
- Reservations are necessary. A minimum of two people is necessary. Call or email for available tour times.
